29 MAR 1965

MEMORANDUM FOR: Deputy Assistant Director for
Systems and Development/OEL

SUBJECT : Expansion of the [REDACTED] Concept 25X1A

25X1D 1. The excellent progress in development of an equipment
25X1A capability for [REDACTED] operations under [REDACTED] 25X1A
suggests that the [REDACTED] operational concept can be effectively
employed in other areas of the world.

25X1D [REDACTED]

25X1A 3. It is requested that the above be considered in the
25X1A preparation of a DAD/S&D study providing guidance on the value and
25X1A suggestions for expanding the [REDACTED] concept for use in [REDACTED] Such
a study is believed timely before steps are taken leading to a permanent
location at [REDACTED] and before making significant changes in the
existing [REDACTED] tasking and priority order of signal coverage.
